## Summary of Public Meeting and Steering Committee Comments

- A) Goal for a more pedestrian friendly environment
- B) Provisions for adequate parking
- C) Recognition of current popular pedestrian and cyclist connections
- D) Concern for the benefit of short term improvements that do not align with long term goals.
- E) Design flexibility and intermediate improvements
- F) Improving safety (crosswalks, lowering speed limits, lighting)
- C) Creating a great impression to visitors (Gateways, I-40 Interstate)

# DISTRICT WIDE CONCEPTS

*“Change of any magnitude takes time, short term projects are essential and must be an integral part of the long term strategy.” - PPS*

**Broadway & Central Intersection**

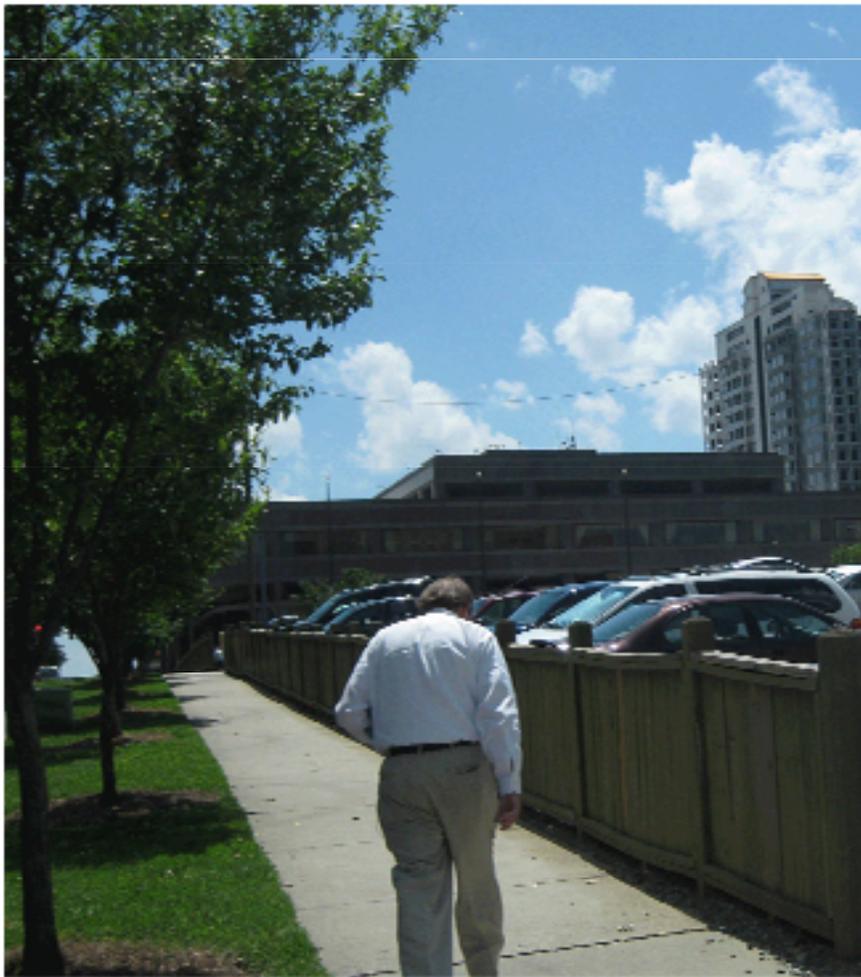

Extended curb cuts, giving space back to the pedestrian environment.

Reducing utility poles, regardless of the ability to purchase new poles

Reducing utility poles, regardless of the ability to purchase new poles

**Create edges, to reduce gaps along the street.**

**Appropriate Infill or New Planting for a Narrow Corridor**

**Provide bike racks & bus shelters.**

**Sustainability practices:  
bio-retention, LED  
lighting, recycled  
material site furnishings**
