

2014 Alley Paving Project

Project Description: This project includes paving alleys that routinely have maintenance issues due to the existing gravel surface and, in some cases, serve as the primary access to properties. Once they are paved, the alleys will better support truck traffic for garbage collection. These alleys are selected with input from the Public Service Department. Future alley paving projects will address remaining gravel alleys around the City based on input from the Public Service Department. The 2014 Alley Paving Project will concentrate primarily on alleys east of Broadway.

Schedule:

Bid Opening: November 20, 2014
Notice to Proceed: April 13, 2015
Contract Completion Date: June 11, 2015

Current Contract Price: \$ 262,163

Engineering Department June 2015 Status: The project is complete.
